DETAILED ACTION

Drawings

1. The drawings filed on 12/11/01 and 5/19/04 are acceptable subject to correction of the informalities. The drawings as presently constituted (Figs. 1-3) are too small and not legible. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-4 and 6-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose resuming supply of power to the at least one essential device upon determining that power supplied by the generator and an uninterrupted power supply is returned to a level. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
